## Synopsis

Submarine is a gripping Cold War naval thriller that takes readers on a heart-stopping journey into the depths of the ocean and the heart of international conflict. Set against the backdrop of the Cuban Missile Crisis, the novel follows the crew of the USS Thresher, a nuclear-powered submarine tasked with a perilous mission.

The Thresher's mission is to track and destroy a Soviet submarine that has launched a nuclear missile at the United States. As the Thresher races to intercept the Soviet submarine, the tension mounts. The crew must navigate treacherous waters, dodge enemy attacks, and make life-or-death decisions that could determine the fate of the world.

He is haunted by the loss of his wife and child in a car accident, and he struggles to balance his duty to his country with his desire to protect his remaining family.

Other key characters in the novel include:

- Lieutenant Commander Mike Murphy, the Thresher's executive officer. Murphy is a loyal and dedicated officer, but he is also ambitious and sometimes reckless.
