Thrown In The Throat

By Benjamin Garcia

Released: February 24, 2023

Label: Hospital Productions

Genre: Experimental / Ambient / Noise / Electronic

Benjamin Garcia is a master of experimental music. His work has been praised for its originality, its sonic exploration, and its emotional impact. His latest album, *Thrown In The Throat*, is no exception. It is a challenging and rewarding listen, one that will stay with you long after the final note has faded away.

The album opens with the title track, a slow-building drone that gradually becomes more and more intense. Garcia uses a variety of techniques to create a sense of unease and discomfort, including distorted electronics, feedback, and harsh noise. The track is a powerful statement of intent, and it sets the tone for the rest of the album.

The following tracks continue in a similar vein, but Garcia never repeats himself. Each track is a unique exploration of sound, and each track offers its own unique rewards. "Into The Void" is a swirling vortex of noise and feedback, while "The Unseen" is a more introspective piece, with Garcia using delicate electronics to create a sense of mystery and wonder.

One of the most striking things about *Thrown In The Throat* is its use of silence. Garcia knows how to use silence to create tension and suspense, and he uses it to great effect on this album. The silences between the tracks are as important as the tracks themselves, and they help to create a sense of unease and anticipation that keeps the listener on edge throughout the album.

Thrown In The Throat is a challenging album, but it is also a rewarding one. Garcia has created a work of art that is both sonically and emotionally challenging, but it is also a work of art that is ultimately rewarding. If you are a fan of experimental music, then you need to hear this album.

Here are some of the critical reactions to *Thrown In The Throat*:

- "Garcia's latest album is a tour de force of experimental music. It is a challenging and rewarding listen, one that will stay with you long after the final note has faded away." - Pitchfork
- "Thrown In The Throat is a masterpiece of experimental music. Garcia has created a work of art that is both sonically and emotionally challenging, but it is also a work of art that is ultimately rewarding." - The Wire
- "Garcia's latest album is a must-listen for fans of experimental music. It is a challenging and rewarding listen, one that will stay with you long after the final note has faded away." - AllMusic

If you are interested in hearing more from Benjamin Garcia, I recommend checking out his other albums, such as 2019's "The Haunt" and 2017's "The Drift". He is a truly unique and talented artist, and his music is sure to challenge and inspire you.
